### EvidenceUpdates from BMJ

Home Register Search Tools Help

BMJ Group and Wilfrid Laurier University's Health Information Research Unit are collaborating to provide you with access to current best evidence that research is added to your health care interests, to support evidence-based clinical decisions.

This service is unique. It allows you to view 710 evidence-based journals and peer-reviewed journals by research staff, then rated for clinical relevance and relevance by at least 3 members of the worldwide panel of practicing physicians. Here's what we offer:

- A FREE 14-DAY TRIAL of the best evidence from the medical literature
- A FREE 14-DAY TRIAL of the best evidence from the medical literature
- A LINK to selected evidence-based resources

**BMJ Practice: The most often read articles in all disciplines, in the past 30 days**

1. What is the Risk of Sarcopenia in Hospitalized Systemic Lupus Erythematosus? (Case Report)
2. How does the risk of sarcopenia for all-cause mortality, systematic review of observational studies? (Systematic Review)
3. Association of all-cause mortality with evidence-based clinical practice (BMJ Original)
